

BRITAIN-S.A. DISPUTE SERIOUS

120 C. M. & St. P. Shopmen Out Here Today

7,000 MEN WALK OUT IN MILWAUKEE

Madison Men Go Out at 2 O'clock; Increases Are Demanded

N. W. AWAIT ORDERS

Strike is Spreading Throughout Country is the Word Today

MILWAUKEE — Approximately 7,000 men representing several classes of railroad shopmen walked out of the West Milwaukee shops of the C. M. & St. P. Ry this afternoon in conformity with the unanimous adoption of a resolution offered at a meeting of the men last night.

Shopmen of the Chicago, Milwaukee & St. Paul railroad numbering 120 machinists, boiler makers, helpers and carmen in the Madison shops walked out here this afternoon at 2 o'clock.

The action comes simultaneously with the strike of 7,000 men on the Milwaukee road, called for an increase from 65 to 80 cents an hour for mechanics and 45 to 60 cents an hour for helpers.

Unless the railroad administration is able to reach some agreement immediately, it will probably mean serious difficulties in the service here within 24 hours.

Chicago & Northwestern shopmen numbering about 65, who struck Saturday noon at 3 o'clock, to return to work at 11:30 o'clock Sunday night, when question as to the authority of their strike arose, are today playing the silent part.

All are working, but will make no statements. It is supposed they await orders from the union headquarters at Baraboo before any steps are taken.

TOOHEY DEATH PROBE STARTS

Proceedings Open This Afternoon Against Cistern Owner Where Lad Met Death

Court investigations possibly for the purpose of holding John Parapher, R. No. 5, of the grounds of fourth degree murder, were begun in superior court at 2 o'clock this afternoon.

Parapher is owner of the property at 1109 Erin street, where 5 year old Ralph Toohey lost his life Saturday night when he fell into a supposedly uncovered cistern, drowning in the five feet of water.

Parapher claims to have covered the cistern with 4 by 4 planks pending the construction of a concrete one. He has offered to do everything possible for the family.

Ralph Toohey was buried this afternoon from the home of his uncle, A. P. Toohey, Milwaukee.

LA FOLLETTE ON COMMITTEE

(By the Associated Press) WASHINGTON — Whether congress should undertake an investigation of the railroad employ wage demands was considered today by the senate interstate commerce committee. The whole question finally was referred to a subcommittee consisting of Chairman Cummins and Senator La Follette, Wisconsin, republicans, and Wolcott, democrat, Delaware.

On Nine A Week John Accumulated Much--And Jail

Mr. John Vaughn, a colored gentleman from Tennessee, who has held the position of bell hop with the Capital hotel, resigned this morning to take up residence at the Hotel de Krug, right near the court house.

The interruption of Mr. Vaughn's business at this time is most regrettable. Although his salary was only \$9 a week he was able to lay aside a neat little bank account of \$150 and acquire a wardrobe of 25 silk shirts, 5 silk scarfs, 4 hats, 6 suits, 28 neckties, 3 handkerchiefs and 3 caps. He pleaded guilty to grand larceny on the charges of Manager Louis G. Brown, who claims the sample rooms suffered sorely. The case comes up Saturday.

KING CORN COLLAPSES; AND PORK TOO

Wild Attempt to "Get From Under" as Radical U. S. Action Looms

(By the Associated Press) CHICAGO—Demoralization seized the grain and provisions trade this afternoon and forced down corn and pork, the latter \$3.50 a barrel. Extreme breaks were \$1.39 for May delivery of corn and \$4.40 for September delivery of pork.

The reason for the collapse of values was the possibility that the price of wheat to consumers might be slashed at once by the government as a radical measure against high cost of living. In the excitement attending the developments in the corn market, prices fell one-half between trades. The descent did not cease until corn had reached a level 32 cents a bushel below the high point of the market a week ago.

G. O. P. STRENGTH IS GROWING SAYS EBERHART

Former Governor of Minnesota Appears Before Commission

That there should be either some interpretations of the league of nations plan, said Mr. Eberhart. "I think there is a strong sentiment that the United States should either interpret certain phases of the league plan or that there should be reservations. Either plan would be satisfactory to me. I think the nation should know just what the United States thinks is the exact interpretation of some of the sections. The people do not want wars. There is a strong sentiment among the people that the league plan may help to avert wars."

Gov. Eberhart said that there is a growing republican sentiment in all of the northwestern states and he predicts that a republican president will be elected. While in the city he called upon Gov. Philipp and a long discussion over the league of nations plan was had.

RUMANIANS SACK AND KILL IN BUDAPEST

Enter Suburbs, Plunder and Take Hostages--Murder Twenty

OTHER TROOPS ADVANCE

Jugo Slav Forces and Rebel Hungarian Force Within Few Miles of Capitol

(By the Associated Press) BUDAPEST — Thirty thousand Rumanian troops including infantry, cavalry and artillery, entered the city today with a blare of trumpets. The Rumanian forces, led by General Marghasu, passed through Andrássy and other streets.

(By the Associated Press) PARIS—Telegrams from American officials at Budapest state that Rumanian troops upon entering Budapest yesterday stated plundering in the suburbs. Fifteen or 20 civilians were killed by the Rumanians.

Demand Hostages.

American reports said the Rumanians were demanding hostages and threatened to kill five hostages for each Rumanian soldier injured in Budapest. Some members of the new Hungarian ministry, the telegrams state, have been arrested by the Rumanians, who have mounted machine guns in various parts of the city and demobilized the local police.

Reports Conflict.

BERLIN—Troops of the Szeged government of Hungary have advanced to within 25 miles of Budapest and, expect to reach that city tonight, and Jugo Slav forces are also advancing upon Budapest, according to a Vienna dispatch received here. It is stated that the Rumanians have captured many communist leaders of the Hungarian capital.

The Rumanian official statement which declared that the people of Budapest "greeted the Rumanian forces with enthusiasm" fails to agree with specialists to Berlin newspapers which say that the approach of the Rumanians caused terror in the city.

Urge Allies Step in Now

PARIS—Most newspapers here, commenting today on the Hungarian situation, expressed the belief that it would be unwise not to take every advantage of the present circumstances to establish a stable government in Hungary. The Excelsior endorsed the suggestion that peace in central Europe depends on thorough disarmament of Hungarian troops and suggested that the victorious Rumanian army undertake this disarmament.

Lift Drug Law Lid to Alleviate Addicts' Agonies

(By the Associated Press) WASHINGTON—Hundreds of letters from persons suffering from incurable diseases and from aged persons addicted to the use of drugs, pitiful in their supplications, that rules governing the sale of narcotics be modified to permit them to make purchases, led Commissioner Roper today to issue instructions to collectors of internal revenue whereby such persons may obtain drugs on prescription by a reputable physician.

Collectors were warned to exercise reasonable precaution to prevent the aged and infirm from becoming the innocent means whereby unauthorized persons might engage in illicit traffic.

FOUR ESCAPE DEATH AS AUTO TURNS TURTLE

R. V. Arneson Machine Becomes Unmanageable. When it Hits Sand

With the front wheels becoming unmanageable through the heavy sand, the automobile driven by R. V. Arneson, "cramped" and "rolled over" at the junction of the "speedway" and the Middleton road last night, turning turtle twice.

Willard Fuller, 824 Johnson street, a university student; Benjamin Sweet and Dewey Haberman, three other occupants of the car, escaped, it is believed, without serious accident although Sweet will be confined at his home for two weeks.

An X-ray picture was taken of Fuller this morning. He apparently is not seriously injured although doctors have failed to explain his condition. He was taken to the doctor's office in the ambulance this morning.

Arneson, driver of the car, escaped practically unhurt and it is believed that Haberman's bruises are only minor ones.

The fact that the top was up when the car was rolled over and over probably explains the escape of all four of the men.

The accident occurred about 9:30 o'clock and the men were taken to Middleton for treatment. Early this morning they were brought back to Madison.

YOUNG FARMER GONE; SEARCH HAS STARTED

Adolph Egner, 20, Cooksville, Missing Since Friday--Last Seen in Car

STOUGHTON—Search has been started and much apprehension is felt for Adolph Egner, aged 20, Cooksville farmer who drove away in his car last Friday and has not been heard from since. He is a son of Mrs. Ole Egner, of StoUGHTON. He rented the Frank McCarthy farm near Cooksville after marrying Marie Rasmussen, Oregon, last February. Police throughout the state have been notified to look for him but have found no clue to his whereabouts.

Tidal Wave Survivor Recruits Marines Here

Sgt. James T. Williams, Milwaukee, has taken the place of Sgt. Carl Lang, recruiting officer here for the Marines, who has gone to the rifle range at Quantico, Va. for the annual two weeks' practice required of members of the marine corps. Sgt. Williams, who was on the U. S. Cruiser Tennessee, when it was wrecked at San Domingo in October 1916 and who has been in the service three years, expects to be in charge of the Madison office only a short while, when another regular recruiting officer will be assigned here.

WILSON WOULD REOPEN FREE WHEAT PRICES

H. C. of L. Predominates Washington Today--President Offers Suggestion

WOULD MAKE UP LOSS

Wilson Idea is to Guarantee Farmer Deficit Between Market and \$2.26 Prices

(By the Associated Press) SAN FRANCISCO — The metal trades department of the American Federation of Labor will make demands on congress and the President this month that measures be taken to reduce the high cost of living. James O'Connell, chairman of this department said. Membership of the metal crafts exceeds 500,000 O'Connell said.

(By the Associated Press) WASHINGTON — Attorney General Palmer expects to be ready to present a preliminary report to President Wilson today concerning possible steps to be taken by government agencies in the effort to reduce living costs.

Many Offer Aid

Many offers of assistance in his investigation of the high cost of living are reaching Mr. Palmer. One came today from Gov. Bartlett of New Hampshire to which the attorney general replied that he would be glad to avail himself of the services of state officials as soon as a definite plan of action was formulated.

Shelve Treaty

Conferences with republican and democratic senators on the league of nations have definitely been abandoned by the president until problems of the high cost of living are solved. Secretary Tumulty announced. "The president," Mr. Tumulty said, "is going to give his whole time to the question of high cost of living."

Julius H. Barnes, president of the U. S. grain corporation, has been called to the white house, and it is understood that the president will take up with him a proposal to store wheat to a free market, with the government making good the difference between the market price and the \$2.26 guarantee to the farmers.

Disorders Hurt Situation

Administration officials feel that one way to decrease the cost of living is to increase production, and President Wilson is understood to feel that strikes now or threats of strikes will interfere materially with any solution of the problem sought.

Whether the president will go before congress to recommend steps designed to relieve the situation will depend, Mr. Tumulty said, on the nature of the report made by Mr. Palmer.

While cabinet officials were in conference the federal trade commission began a study of English laws against profiteering. Some of the officials regarded it as probable that congress would be asked to enact legislation dealing directly with all classes of profiteering. The attorney general has said existing laws are inadequate.

G. O. Is Demanded.

WASHINGTON—Organized labor was before the nation today with a demand that private capital be retired from railroad operation and that there be substituted a tripartite control of railroad properties by the public, the operating management and the employees.

The demand, presented in a statement signed by engineers, firemen, conductors and the American Federation of Labor, was recognized today in Washington as the most far reaching proposal yet placed before the nation during its reconstruction period. "Officials refused to predict its outcome. Tomorrow it will be formally laid before the house interstate commerce commission."

Judge Thinks Couple Should Forget It

Charged with wife beating, William Martin of Blooming Grove was arraigned in Superior court, this morning only to be sent back to try and settle it with friend, wife. If they fail to agree with the aid of Probation Officer Purcell, the court will continue the action.

W. A. DEVINE AGAIN NAMED POSTMASTER

President Wilson Sends Name to the Senate Today

President Wilson today sent the name of William A. Devine to the senate for reappointment as postmaster of the city of Madison.

Mr. Devine was given his first intimation of this action shortly after noon by the Capital Times.

The present appointment will date from March 3, 1919, and will be for four years. Mr. Devine was originally appointed postmaster of Madison, 1910, by President Taft. He was reappointed March 3, 1915, by President Wilson.

Postmasters Named

WASHINGTON — Postmasters nominated today by President Wilson included William Cluston, Great Falls, Mont.; Frank L. Henderson, South St. Paul; John B. Connors, Hibbing, Minn.; William F. Hemminger, Saginaw, West Side, Mich.; William A. Devine, Madison, and Fred A. Knaut, Sheboygan, Wis.

FARM BUILDINGS LOST AS BOLT STARTS BLAZE

Adolph Schadel, Near Cottage Grove Loses New Barn, Equipment and Tobacco Sheds

Lightning last night striking the large barn on the Adolph Schadel farm four and a half miles south of Cottage Grove caused a fire which destroyed the barn, all its equipment and the nearby tobacco sheds.

It occurred at about 9:30 o'clock. The barn, just in its final stages of construction, contained 12 tons of new hay, and a large pile of lumber temporarily stored. The tobacco sheds were empty.

A horse and dog were burned in the fire. Other equipment lost included harness, carriages, blankets, farm tools and implements. The loss amounts to several thousand dollars. Mr. Schadel has lived on the place about six years.

JAP OFFER ON 6 HORSES, BARN CHINA MADE LOST IN FIRE

Japanese Minister Says No Rights Affecting Sovereignty Asked

TOKIO — Viscount Uchida, the Japanese foreign minister, in a statement issued today declares that Japan does not intend to claim any rights affecting the territorial sovereignty of China in Shantung. He promises that the Japanese troops will be withdrawn immediately after an agreement is concluded with China.

Japan, moreover, the foreign minister's statement adds, is considering the establishment at Tsintao of a general foreign settlement instead of a purely Japanese settlement.

Butcher, Amuck, Kills 3 of 9 Children

ENGLAND IS FROWNING ON ARGENTINE

Relations Reported in Delicate Stage Over German Ship Purchase

HAD BEEN INTERNED

Took Refuge in Early Days of War--Later Sold to South American Republic

(By the Associated Press) BUENOS AIRES—Diplomatic relations between Great Britain and Argentina as a result of purchase by Argentina of the German steamship Bahia Blanca are delicate, according to La Nacion. In today's edition the newspaper will say: "Sale Never Sanctioned"

"Regarding rumors which from the very beginning have been founded on more than supposition we have received versions, the gravity of which are self evident, and according to which the return to London of Sir Reginald Tower, British minister to Argentina, and the departure of Francisco Alvarez De Toledo, Argentine minister to England, from London, are not disconnected. On the contrary it appears the retirement of both ministers is traceable to the purchase by Argentina of the steamer Bahia Blanca from the Germans which purchase the British government refused to recognize."

Another newspaper, Las Noticias, says: "The occasion for the present situation is the refusal of the British government to recognize the purchase of the Bahia Blanca, but the real cause underlying the crisis is the Argentine government's hostile attitude towards British capital invested in Argentina."

When war broke out the Bahia Blanca, owned by the Hamburg-American Co., was interned in the harbor of Buenos Aires to prevent her capture. In June, 1918, it was announced that the ship had been leased by Argentina. Later it was learned the vessel had been bought by the Argentine government. The ship, however, never went to sea because the allies and the United States refused to recognize the transfer of her flag.

Tower Denies Rift

BUENOS AIRES—Sir Reginald Tower, British minister to Argentina, denies rumors relative to his return to London which is said to indicate imminence of a rupture of relations between Great Britain and this country. He declares he is going to London merely for a rest.

150 TONS HAY, 6 HORSES, BARN LOST IN FIRE

Fire resulting from lightning, completely destroyed the large barn on the Lewis Nelson Dairy farm, one half mile west of Deerfield last night at 9:30 o'clock.

Herman Thompson of Deerfield who attempted to help rescue contents of the barn, was severely burned.

Six horses were burned to death and 150 tons of this season's hay crop was lost.

WILL HOOVERIZE EUROPE'S COAL

Fuel Commission to be Requested; Production 35 Percent Below Normal

(By the Associated Press) PARIS—Shipping and fuel representatives of France, Belgium and Italy conferred with Herbert Hoover and decided to urge the peace conference to appoint an European coal commission in an effort to avert what threatens to be a disaster. The meeting was held as a result of a warning given by Mr. Hoover that Europe's coal production was 35 per cent below normal and the United States could not offer relief because of the shortage of shipping.

Sterling Against L. of N. Minus Reservations

(By the Associated Press) WASHINGTON — Maintaining that American sovereignty would be violated by the league of nations covenant in its present form, Senator Sterling announced in the senate that he could not vote for its ratification without reservations. The withdrawal provision and the obligations assumed under article ten he regarded as the most dangerous in the document.

Would Burn 24 Zepps to Prevent Delivery

COBLENZ—Germans in charge of 24 Zeppelins near Berlin have threatened to burn them rather than deliver them to the allies as required by the peace treaty, according to information. The Zeppelins are about 25 tons capacity and can fly from Berlin to San Francisco according to German sources. The Germans are said to be seeking permission to fly the Zeppelins to the United States, hoping to find buyers for the airships there. If this permission is not given, according to army information here, the Germans will destroy them.

NO CHANGE TO BE EXPECTED IN FEMALE WAGE

No Modification Nor Delay in Minimum Wage However is Expected

That there will be no change in the minimum wage order of 22 cents an hour for women and minors was indicated today following the hearing on Monday in which a number of manufacturing plants sent representatives here asking that the time of putting the order into effect be delayed until Jan. 1. It was announced at the industrial commission today that no definite statement with reference to the matter would be issued until the return of Commissioner Wilcox.

Announcement was also made that the hearing on the protesting telephone companies would not be heard for one month. It is understood, however, that the order of the commission with reference to telephone companies when made, would be retroactive and would apply to the situation as of Aug. 1.

The Public Pays. Most of the protests at Monday's hearing asked that the date of putting the order into effect be delayed until Jan. 1, the argument being that there were many contracts made on the present wage scale.

J. D. Steele, of the Pettibone-Peabody Co., Appleton, said that the public would have to pay the increase ordered and that the cost of goods sold would be increased from 1 to 2 per cent.

John Sell of the Sell Brothers, Sheboygan, said that he believed that the apprentice period should be modified. He suggested that a person entering employment at 14 should have to take a three year apprenticeship; one entering at 15 a two year and one at 16 a one year apprenticeship. Commissioner Hambrecht called attention that this would be impossible as the law makes the age of apprenticeship 16 years.

Claims Contract Loss. John Orleck, of the H. C. Prange company, said that the retail store was a good place to develop salesmanship and during the first two or three years the employee would not be able to earn the amount fixed in the order.

G. H. Parker, of the Superior Knitting company, Appleton, said that their goods were manufactured on a close margin; that they were not aware the order was to come when their contracts were made and he hoped that it would be delayed until Jan. 1. A. H. Wickesberg of the Appleton Woolen Mills, Appleton and Walker Zwicker of the Zwicker Knitting company, Appleton, asked that the date be extended.

After the hearing the commission and the advisory board held a long conference and the impression gained is that the order will not be modified.

FEARED TO LAND IN VILAS CROWD

Spectators Accountable for Own Disappointment Yesterday as Commercial Plane Came

Spectators at Vilas park were disappointed Monday when Lieut. David L. Behnke, finding the crowd of children on the field too large, landed with his checker-board airplane at the William Crawford farm two miles out on the Verona road. Robert Herz, Janesville newspaper advertising man, was a passenger. Lieut. Behnke was flying the Society Brand flyer carrying clothes to Baillie Hedquist & Co.

The plane made two attempts to light, coming within a short distance of the ground each time. Ropes, it is declared, will be stretched around the field for the next landing. No difficulty was found landing, and rising on a recently harvested field on the Crawford farm.

Bolivia Picks U. S. Flyer as Instructor

WASHINGTON — Capt. Donald Hudson of the famous first pursuit group of the A. E. F. in France, has been employed by Bolivia to organize and instruct a flying corps in its army. It was said here today that Bolivia had decided to secure instruction for its army by discharged American officers after it had failed to secure admission of picked cadets to the West Point academy.

Saul Kasdin Delegate to Jewish Conference

Saul Kasdin has been chosen Madison delegate, with Miss Frances Ellmann as alternate, to attend a religious conference to be held Aug. 17 at Minneapolis for the Jews of Wisconsin, Michigan and Minnesota. The conference is preparatory to the Zion conference, which will take place Sept. 14 in Chicago. Both sessions are to be of a reconstructive nature and the principal question under discussion will be the regeneration of liberated Palestine. Regional conferences are being held all over the country this month, preliminary to the national conference, and will act as clearing houses for ideas of Jews of various communities.

Silos Always Big Topic When Solons Gather

The closing of the legislature has given 40 farmer members of the assembly and two members of the senate an opportunity to go home to help in the harvest.

Of the members of the legislature nobody stuck closer to their work than the farmers. It is true that the farmer members chafed under the long delay in bringing the session to a close, but they found solace in the fact that they could cluster occasionally under the electric fans in the lobby and talk "shop." It was here that the talk drifted to corn silos. Senator George Staudenmayer is probably the most extensive farmer in the legislature. He has a big farm at Ladonia, a township near Portage, where the average corn crop covers about 190 acres. He has two silos with three times the capacity of the Wisconsin average silos. Assemblyman Best of Dunn county, C. E. Hanson of River Falls, Dettinger of Hixton and many other farmer members of the legislature are strong advocates at these round table meetings in favor of bringing more silos in Wisconsin.

Assemblyman Grimstad of Mount Horeb still uses what is probably one of the oldest silos in Wisconsin. His silo is a Wisconsin wooden silo of the King pattern and was built in 1893 when silos were scarce.

"We used a tread power and in those days it was thought good," declared Mr. Grimstad. "In fact they were so good that we used them for a long time and people watched us fill it for a number of seasons before any one got the fever."

Many of the farmer members of the legislature were breeders of high grade cattle, among those being A. L. Best and Senator Herman Bilgram of Iron Ridge.

"I am glad that the session is at an end so that I can jump in and help out with some of the farm work," declared Assemblyman Johnson, Racine county, one of the leading farmer members of the lower house. The last session of the legislature had the longest farmer list it has had in recent years.

SHOWER BIG HELP TO ALL GROWTHS

Rain Last Night Fills Much Needed Want

Thousands of dollars' worth of crop benefit came last night with the heavy shower, according to reports today. Tobacco, corn and grains were in dire need of moisture despite spasmodic showers of the past week which in reality gave little solace to farmers. Tobacco particularly needed the additional moisture, in fact, all growths were aided as the ground was hardening to crispness quite a number of inches below the surface.

Nearly two-thirds of the early potato crop in Wisconsin has been killed by drought and blight, according to farmers and truck gardeners. The blight was quick to attack the plants, the soil being so dry, and farmers also had to fight the leaf hopper this spring. Small potatoes were formed but did not grow to be larger than an egg, and have not been able to compete with the large potatoes imported from the south. The frequent rains early in June and July have practically assured the late crop.

Unusual weather for August is promised before the middle of the month, considerable rain and some fall weather being the prediction.

J. BULL'S ENVY HELD WAR CAUSE

Prince Henry of Prussia Says England's Desire for Trade Caused It All

COPENHAGEN, Aug. 3.—In an open letter from Prince Henry of Prussia to the king of England, appearing in the Hamburger Nachrichten today, England is blamed for the world war.

England, desirous of maintaining commercial supremacy, found it necessary to eliminate a dangerous rival, Prince Henry charges.

"Let me remind your majesty of your meetings with Sasanoff at Balmoral castle in September, 1912," Prince Henry writes. "Your utterances at that time leave no doubt of the fate planned for German merchantmen."

If the demand for the Kaiser's trial is sincere, and the entente is really desirous of getting at the causes of the war, then allied statesmen should be tried in Madrid or some neutral city, Prince Henry suggests.

While Germany's day of reckoning has arrived, he says, the allies would do well to desist in their agitation for the trial of the ex-Kaiser. Their own interests might suffer, he intimates.

NEW PARTY MEET IN WEST SOON

Committee of Forty-eight Growing Fast—Will Hold Convention

So rapid has been the growth of the new political movement organized by the Committee of Forty-eight, that old-line politicians of both parties are sitting up and taking notice. Begun last March with a call to independent and liberal Americans to come together on a platform of social, economic and political construction, word of the new political adventure has gone into each of the forty-eight states, whose representatives make up the Committee.

The Committee will call a conference in a Western city within a few months. At that conference the delegates will decide whether to form a new political party of fundamental American liberalism or consolidate with the farm and labor organizations now under way.

For the first time in American history, delegates to a conference to discuss affairs of the most vital interest to everyone have an opportunity to express themselves and write their own program. Said Mr. J. A. H. Hopkins, Chairman of the Executive Committee of the Committee of Forty-eight, "and they are most assuredly taking advantage of that opportunity. Each morning's mail brings a mass of question blanks with answers to the questions thoughtfully worked out and in many cases with addenda on matters that the writer thought should be included."

LEOPARD CUBS AT VILAS ZOO

Two Cubs Born There July 26; Lion House Closed

Vilas park zoo has two leopard cubs, born there July 26. The mother is a fine tan and black spotted creature from India, purchased from a French address, who appeared at the Orpheum about two years ago. The lion house, in which are animals kept, has been closed to the public.

About a year ago the leopards, excited by the sightseers at the zoo, accidentally killed her two cubs, then only a few days old, by puncturing their bodies between the ribs with her teeth while moving them nervously about in the cage. The cubs will be taken away from the mother when they are about a month old, as the male who is usually separated from his family during the first few months of the cubs' lives, cannot be kept in confinement so long.

An addition to the lion family is also expected at the zoo about the middle of September, according to Fred Gunkel. The two ostriches, hatched recently at the zoo, are doing well in their seclusion at the university farm, where no eager children can feed them such bright indigestible dainties as broken bottles, tacks, screws, marbles and jacks.

Lad of 23 Pilots

Big Transport NEW YORK—The transport Finland arrived here today from Brest with 108 officers and 3,475 troops, including the 2nd Ammunition Train, 4th Machine Gun battalion, 346th Service battalion, 2nd Engineers and Third Corps headquarters troops.

Captain J. B. Hill, commander of the Finland, died while his ship was at Brest. He was one of the old commanders, having been skipper of six ocean liners.

The Finland was brought to port by Lieut. Commander William J. Rague, Jr., who at 23 enjoys the distinction of being the youngest man, it is said, ever to navigate a 12,000 ton ship across the Atlantic.

HEARING TODAY ON ROAD ROUTES

Meeting This Afternoon at Rhinelander to Map Federal Trails

The special legislative committee which is laying out the additional federal highway route in the state will hold a hearing this afternoon at Rhinelander. On Wednesday the committee will conduct hearings at Crandon; Thursday at Antigo, and Friday at Shawano.

Under the federal highway law Wisconsin first laid out 5,000 miles of trunk line first laid in the state to which federal aid was apportioned. By additional federal appropriations the last legislature has authorized an additional 2,500 miles and the committee will conduct hearings all over the state on the routes proposed.

Members of the land commission left for northern Wisconsin today to make an inspection of the forestry reserve. The commission is composed of Secretary of State Hull, State Treasurer Johnson and Attorney General Blaine. The members of the conservation commission accompanied the land commission. The first stop today will be at Woodruff.

DULUTH OARSMEN ENTER CARNIVAL

CHICAGO—Oarsmen of the Duluth Boat club, which won honors in the national regatta at Worcester, Mass., last week, are in Chicago today. They will take part in the second annual water carnival of the C. A. A. at Lincoln park lagoon Saturday and Sunday. Women swimmers of the Duluth Boat club will arrive Friday.

Silk Dyers Back

Workers, 1,500 Out

PATERSON, N. J.—Supporting demands of silk workers for an immediate 44 hour week and a 12 per cent increase in pay, 1,500 dyers went on strike here today.

The Amalgamated Textile workers meet this morning to devise plans for uniting 14,000 unorganized silk workers.

Suggest New Site For Revenue Offices

The Union Transfer and Storage block on East Wilson street at the foot of King street, is said to be a preferable location for the new internal revenue office. The offices would occupy the entire first floor. Field force headquarters would be maintained in the Bank of Wisconsin building.

Open Windows Mean Dusty Homes

With windows wide open and autos whirling by just sifts in more than ever. The only real way to get rid of it without "housecleaning" every week is to remove it with an Electric Cleaner.

The attachments which come with the cleaner make it easy to remove all dirt and dust from curtains, walls, upholstery, bedding—most anything.

A light running of the cleaner over rugs, carpets and floors will suck out the dirt quickly and completely.

We have a cleaner you will want. Prices and terms will suit you, too.

RUSH DEPUTIES TO HALT MINERS

Strikers Battle With Workers Near Bellaire, O. After Wage Dispute

(By the Associated Press)
WHEELING, W. Va.—Twenty armed deputy sheriffs were rushed this morning to the Fort Pitt coal mine, south of Bellaire, O., following reports of a clash between striking miners and other workmen. Reports were that rioting broke out after the strikers refused to permit the other miners to work.

Needed On Farm; Sentence Deferred

Urgent need of his services on the Mr. Joy stock farm of Dane again saved Bruce Hardy from sentence in superior court this morning. Hardy has been adjudged guilty to the charge of driving an automobile while intoxicated and faces a jail sentence of 30 days and a fine. He will be brought up in September.

SUBSTITUTE FOR BITRO-PHOSPHATE LEADS TO ARREST

Pharmacist Sought to Make Fortune By Trading Upon Reputation of Well Known Tonic, Strength, Tissue and Blood Builder—Imitation Did Not Contain Strength Giving Properties of Genuine Product.

PHOENIX, ARIZ.—The arrest of a pharmacist of this city revealed a gigantic plot to violate the state and federal statutes by selling a cheap, inferior substance represented to be genuine bitro-phosphate.

The authorities found thousands of counterfeit labels and materials indicating elaborate plans for the nationwide exploitation of the spurious tonic. The case is unique in the criminal records of Arizona and serves as a warning to the public against worthless imitations designed to sell upon the reputation of high grade, efficacious preparations.

For many years Bitro-Phosphate has enjoyed the confidence of its millions of users and the fact that reputable physicians prescribe and recommend it in cases of nervousness, excessive thinness and general weakness makes it the natural target for the unscrupulous substitutor.

Frederick Kollie, M. D., Editor of New York "Physicians Who's Who," says Bitro-Phosphate should be prescribed by every physician and used in every hospital to increase the strength and enrich the blood of weak, thin, nervous or anemic people.

The genuine bitro-phosphate is sold by C. H. Nader in Madison and all first class druggists under a definite guarantee of satisfaction or money back and cases of attempted substitution or the sale of an imitation should be reported to ARROW CHEMICAL CO., sole manufacturers, 31 Union Square, New York City.—Adv.

SAY LANDS ARE THE PROPERTY OF WISCONSIN

Millions Involved in Big Boundary Suit; Olbrich Files Brief for State

With the filing of the brief of the state with the attorney general of Minnesota today, the state has opened its fight to claim certain lands near Superior now claimed by the state of Minnesota. The matter will be argued in the United States supreme court in October. The question involved is the boundary line of Wisconsin between Minnesota and Duluth. If the contention of the state is upheld hundreds of dollars worth of property will go on the Wisconsin tax rolls, as docks and other improvements have been built there. The Wisconsin brief was prepared by Deputy Attorney General M. B. Olbrich.

This is the third time that the matter will have been before the federal supreme court. In the other cases it was not necessary for the court to decide the exact boundary to settle the point at issue. In this case the question of which state owns the lands for taxation purposes is involved and a decision will be necessary.

The boundary between Minnesota and Duluth and the point is described as from the mouth of the St. Louis river to the first falls above the Indian village. In 1893 the government ordered the channel improved, but this was changed in 1897 and a new channel cut. The first channel was close to the Minnesota shore and the second channel is out some distance making the converted area like a bow. Wisconsin claims that the old channel is the boundary line and that the land belongs to Wisconsin. The brief by Mr. Olbrich is replete with historical material to prove that the land in controversy belongs to Wisconsin.

CURKEET-LEWIS NEW LAW FIRM

To Open Offices Aug. 12 in Commercial National Building

A law partnership has been formed between William R. Curkeet and Theodore G. Lewis, the new firm of Curkeet and Lewis to open its offices Aug. 12 on the fourth floor of the Commercial National bank building.

Mr. Lewis, son of T. Lewis, a well known McFarland man, graduated from the Cambridge high school in 1909, entered the university here receiving his degree in 1913. He then entered the law school of the university, graduating in 1915, after which he became associated first with the firm of Richmond, Jackson and Swanson, and later with Rufus B. Smith.

Mr. Lewis took the intensive training course offered at the university and early in May was sent to the officers' training camp at Ft. Sheridan, where he was commissioned second lieutenant. On Aug. 17, he was assigned to the 32nd division, at Waco, with Co. G, Madison troops. Here he was promoted to a first lieutenant and transferred to Co. E of Eau Claire, with whom he was across. Mr. Lewis fought in the Alsace sector and from May 12 to July 18 was constantly in the front line. He was in continual active service in the Chateau Thierry drive and was wounded at the capture of Pirmas. After his recovery he rejoined his division with the army of occupation.

Mr. Curkeet has been in general practice of law in Madison and throughout the state the past 10 years. He was associated with the firm of Olm and Butler upon graduation from the law school in 1909 until 1915, when he opened offices of his own in the Gay building, where he has been the past three years.

Rev. Soldan Opens Luther League Meet

An address of welcome by Rev. A. J. Soldan opens the 21st annual convention of the Luther League of Wisconsin this evening in Luther Memorial church. George W. Rapp, state president of the league, will give the response and David H. Baullin of Springfield, O., is to talk on Some Religious Factors Liable to Neglect.

Devotional services followed by a business session are to be held at the church tomorrow morning, and in the afternoon there will be another devotional service, a business meeting and a model Luther League meeting conducted by Harry Hodges, general secretary. There will also be a conference of pastors, officials, senior and junior members and workers, and in the evening Rev. C. O. Solbert of Minneapolis is to give an address on The Call to Intelligent Consecration.

Mutual Club to Picnic Aug. 16

The Capitol Mutual club picnic will be held at Monona park Saturday afternoon, Aug. 16. One of the features will be a New England supper on the shore line of the lake in the evening. There will be athletic contests for the men and women and a ball game between the Capitol Mutual club and the Elks teams.

WARDEN GIVES OUT THE FACTS ABOUT TROUBLE

He Was Confined to Bed for Weeks at a Time—Gains Fifteen Pounds

Every time I meet any of my friends now they ask me what I have been taking to make me look so well and to build me up so much, and it just does my heart good to tell them that Tanlac is responsible for it all," said George Warden, who lives at 297 Fifth street, Milwaukee, while talking to a Tanlac representative the other day.

"About ten years," continued Mr. Warden, "my stomach went back on me, and this trouble has been gradually growing worse ever since. I have been under treatment at different times, and have tried about every medicine that I could hear of that was recommended for stomach trouble, but I didn't get any relief until I got hold of this Tanlac. I would suffer something awful every time I ate anything, and sometimes gas would blow me up and make me perfectly miserable for hours at a time. Then there were times when I would become nauseated and couldn't retain anything I ate. I often had bad smothering spells, and it was almost impossible for me to get a good breath. I had bad dizzy spells, too, and when they hit me I would actually fall if I didn't have something to hold on to. Sometimes I would be down in bed for weeks at a time with pains in the small of my back. All these troubles finally got the best of me almost, and I got to where I was hardly able to go."

"Then I commenced taking Tanlac, and I have never seen anything to equal the way this wonderful medicine has brought me around and, overcome my troubles. Well, sir, that pain in my back is gone completely, and I can bend about now as well as I could when I was a boy. My appetite has come back, and I eat three big meals every day and I never suffer a particle afterwards, and I know by this that my stomach troubles are a thing of the past. I never have those dizzy spells any more, and in fact I am as healthy and strong in every way as I ever was in my life. Why, I have actually gained fifteen pounds already, and I feel so fine all the time that I just have to talk about Tanlac to everybody I meet. I sleep like a log every night and feel so good when I wake up every morning that I jump right up and eat a hearty breakfast, and that is something I haven't been able to do before in years. Yes, sir, I am a friend of Tanlac and you may depend on me boosting it every time I have a chance."

Tanlac is sold in Madison by A. B. Luckey & Son, in Deerfield by W. A. Perkins, in Middleton by Dr. A. M. Teckam, in Sun Prairie, in Black Earth by F. S. Drake, and in Stoughton by O. N. Falk & Son."

Arrest Armed Pair Near Clemenceau Home

(By the Associated Press)

PARIS—Two laborers, one with two revolvers and the other a large knife, were arrested today near the residence of Premier Clemenceau.

They explained by saying that some one whose name they did not know, commissioned them to sell the weapons for him. The men were held on charges of carrying concealed weapons and attempted bribery of police officials.

AT THE THEATRES

THE FULLER

"Coax Me," starring the charming June Elvidge, is a laugh-provoking comedy at the Fuller theater today. Sessue Hayakawa, the sterling Jap actor, will be featured on the Fuller picture program tomorrow and Thursday, appearing in the photodrama called "A Hashimira Togo." The Christie comedy, "Can Wives Be Trusted?" will also be shown.

THE NEW STRAND

Carolyn Wells, author of "Vicky Van," the new Paramount picture which comes to the New Strand today and tomorrow only with beautiful Ethel Clayton as star, is one of the most devoted readers of mystery fiction in the country. She has written upwards of a dozen detective stories herself. A comedy with "Smiling Billy" Parsons is the added attraction on the program.

"The White Heather" is a special Paramount production, which comes to the New Strand for three days commencing Thursday.

MAJESTIC

Mary Miles Minter will be seen at the Majestic today and Wednesday in her latest comedy drama called "Yvonne From Paris." It presents a delicious story of the stage and its complications are warranted to please the most exacting spectator. Miss Minter in the role of Yvonne runs away from her aunt in Paris and makes her way to America via the steerage and then her complications begin.

Acid-Stomach Makes Millions Suffer

Indigestion—dyspepsia—sour stomach—flatulent, gassy stomachs—belch, miserable feeling stomachs—these are Acid-Stomachs.

What a lot of misery they cause! How Acid-Stomach, with its day-after-day sufferings, does take the joy out of life! Not only that—Acid-Stomach is always undermining one's health. Think of what acid does to the teeth—how the acid eats through the enamel, causing them to decay. Is it any wonder, then, that Acid-Stomach saps the strength of the strongest bodies and wrecks the health of so many people?

You see ACID-STOMACH victims everywhere always ailing. They can't tell exactly what is the matter; all they say is, "I don't feel well." I'm all tired, sickly. If they only knew it, nine times out of ten it is Acid-Stomach that is ailing them. It saps good digestion, causes food to sour and ferment in the bowels, weakens the stomach, fills the system with poison. It prevents one from getting

the full strength out of their food. Take EATONIC and get rid of your Acid-Stomach. This wonderful modern remedy actually takes the excess acid out of the stomach. It quickly and positively relieves bloating, heartburn, belching, food repeating, sour, gassy stomach, and the pains of indigestion. Makes the stomach cool and comfortable—keeps it sweet and strong. Banishes all stomach troubles so completely that you forget you have a stomach. You can eat what you like and digest your food in comfort, without fear of distressing after-effects. EATONIC helps you get full strength out of every mouthful you eat—and that is what you must have to be well and strong—full strength from your food.

EATONIC is in the form of tablets—tastes like a bit of candy. Absolutely harmless and agrees with the most delicate stomach. Try it. Get a big box of EATONIC from your druggist today. The cost is trifling. If it fails to bring wonderful relief, take it back; he will refund your money.

ARE COMING TO FOUR BADGERS INSPECT STATE GET U. S. MEDALS DAIRY PLAN

Farmers From Kansas to Visit Wisconsin During Last of August

FORT SCOTT, Kas.—A delegation of Bourbon county farmers and business men, interested in dairymen, will leave here on August 31 for a trip through Wisconsin.

The purpose of the excursion is to learn the methods followed by Wisconsin dairymen and dairy manufacturers. The dairy industry of the United States, now exceeding the \$2,000,000,000 mark annually, is attracting national attention. The farmers of this county, anxious to improve and develop their dairymen, are naturally desirous of going to the state where the industry is so advanced.

The delegation will be led by E. A. Russell, secretary of the Chamber of Commerce of this city, who will be assisted by I. O. Trask, who is chairman of the dairy special committee. Mr. Russell is a graduate of the University of Wisconsin, at which institution was established the first dairy school of America.

Included in the itinerary of the Bourbon county dairy special are: Watrous, Ia.; Monroe, Madison, Wis.; La. Pk. Atkinson, and Janesville, Wis.; and Barrington and Chicago, Illinois.

While in Monroe, the party will visit some of the leading herds of Guernsey cattle, inspect some of its cream factories, and look over a milk canning plant.

At Madison, the delegation will spend the day inspecting the university herd, acquainting themselves with the methods and work of the dairy and food commission, learning of the important nutritional investigations carried on by Dr. E. B. Hart and Professors E. McCollum and Harry Steenbock, visiting Dr. Russell and enjoying Wisconsin's famous capital city. While in Madison the party will be given the facilities offered by the Association of Commerce. The secretary of that body is already in communication with Secretary Russell arranging for the entertainment of the delegation while in Madison. The Fort Scott band has been invited to give a concert in the "four lake city" while here.

From Madison the "special" will go to Wausau to visit this highly developed dairymen center and then to La. Pk. Atkinson, Janesville, Barrington and Chicago.

STATE NEWS

EXPECT 17c BREAD
MILWAUKEE—Unless the price of flour, milk, and other ingredients decreases, the price of bread may be increased in Milwaukee to 17 cents per standard loaf of one and one-half pounds, according to an officer of a leading bakery. The raise will come about Sept. 1, he believes. The present price for the standard loaf is 15 cents. Milk in Milwaukee is 13 cents per quart and cream is 15 cents per half pint.

BAD WIRING; BIG LOSS
EAU CLAIRE—Joseph Kelly, prominent Eagle Point farmer, sustained a \$30,000 fire loss when defective wiring in one of his big barns started a fire which destroyed another barn, ice house and milk house on the farm. Fifty head of pure bred Holstein cattle in the barns were saved with difficulty.

HEADS TEACHERS' SCHOOL
APPLETON—W. P. Hagman, former superintendent of the Ashland county school has been elected principal of the Outagamie county training school, to succeed the late John E. Hale.

BOARDMAN TO DOUGLAS
APPLETON—Gen. C. R. Boardman and his former brigade adjutant, Maj. C. A. Green, will visit the Ninth Infantry at Camp Douglas where Gen. Boardman will probably review the regiment.

BIRDS CAUSE FISHES' DEATH
NEENAH—It took a fish disease expert from the state hatcheries to tell what was killing off the prize rainbow and speckled trout in Louis Herziger's private pond here. The expert diagnosed the "epidemic" not as one of disease among the finny beauties but caused by the gulls and kingfishers.

THEATRE TO BE IMPROVED

By virtue of the record attendance of the Devereux performances the open air theater fund has been increased about \$300, making the total amount to be expended on improvements more than \$1,500.

Extensive plans for remodeling the theater will make it one of the finest among similar structures at universities. The natural beauty of the location is unrivaled, and with the large amount to be put into making an adequate stage with facilities for the performers and more commodious arrangements for the audience, the theater will supply every need of the university until such time as an auditorium is constructed.

More than 4,000 people attended the productions, the greatest number in the history of the theater.

RUSH OPENING OF TAYCHEEDAH

Home for Women May be in Operation by January First

That the Taycheedah home for women, a state institution will be in operation before Jan. 1, is the prediction of M. J. Tappins, secretary of the state board of control.

At the same time plans will also be considered for new buildings at Union Grove hospital for the feeble minded and for the Wales tuberculosis sanitarium. The new state board of control is holding regular meetings so that the building program may be put under way. About \$150,000 will be expended by the board for the installation of boilers at the home for the feeble minded, Chippewa Falls, Northern hospital for the insane at Winnebago, the prison at Waupun and the sanatorium at Wales. The board is experiencing some trouble in finding a sufficient labor supply to carry out the state's \$1,500,000 program authorized by the last session.

Registration of Men
Largest On Record

1919 Summer Session Enrollment of 3,204 Breaks All Records

Statistics on record in the registrar's office show that this summer school has the largest enrollment in its history as well as the greatest number of men. There is a marked increase in attendance since the close of the war. The enrollment for this summer is 50 per cent greater than that of last year.

Of the 3,204 students enrolled in summer school, 1,849 are women and 1,355 are men. Never before has the proportion of men touched this 42 per cent mark. The total enrollment of the last four years follows:

	Men	Women	Total
1919	1,355	1,849	3,204
1918	1,200	1,600	2,800
1917	1,100	1,500	2,600
1916	1,000	1,400	2,400

The enrollment according to colleges follows:

	Men	Women	Total

Night Letters Outside of State Still at Old Price However

Twenty per cent reduction in Postal Telegraph Co. rates are effective today in Madison.

Saturday the company resumed its former ownership. Since the war the government has controlled this with other telegraph and telephone lines.

Night letters in Wisconsin are down the announced reduction but those for interstate delivery are still governed by the old rate. The ordinary fast day message from Madison to Chicago, previously 30c, is now 25c. Other reductions are similar.

Carl Mays, Yank Pitcher, is Cause of Injunction Against Ban Johnson.

NEW YORK—One of the bitterest internal fights major leagues have experienced is expected to follow developments on Monday in the case of Carl Mays, New York American league pitcher, who was indefinitely suspended by President Ban Johnson of the American league for refusal to pay a fine.

FAVORITES COP OPENING RACES

Royal Mac, Natalie the Great, Roy Grafton, Tommy Todd Are Winners

CLEVELAND, O.—Attracted by two sweepstakes, a large crowd braved the threatening weather for the opening of the second grand circuit meeting of the summer at North Randall on Monday. The track was heavy but some fast time was made. All of the favorites won.

The North Randall purse of \$2,160 for 2:08 trotters was won by the heavily played Royal Mac. Natalie the Great, who has never lost a heat, led from start to finish and easily won the News \$2,000 stakes for two year old trotters.

Roy Grafton won the first and fourth heats and the race in the 2:08 pace. Tommy Todd, the veteran mile gelding, captured the 2:10 trot after finishing a poor fourth to the Ace, a long shot in the first heat.

Capitols Out After Playground Pennant

14-7 Defeat for Skiray's All-Stars Brighten Prospects

When the Capitols defeated Skiray's All-Stars 14 to 7 last Friday they took a big step toward first place honors in the Brittingham indoor baseball league which will close this week with three games, the first between the Journals and the Capitols Tuesday night; the Elks and Skiray's All-Stars, Wednesday; and the Journals and Elks, Thursday. Sam Barry's two home runs featured the Capitol victory Friday, the first defeat of the year for the All-Stars. Large crowds are attending the games.

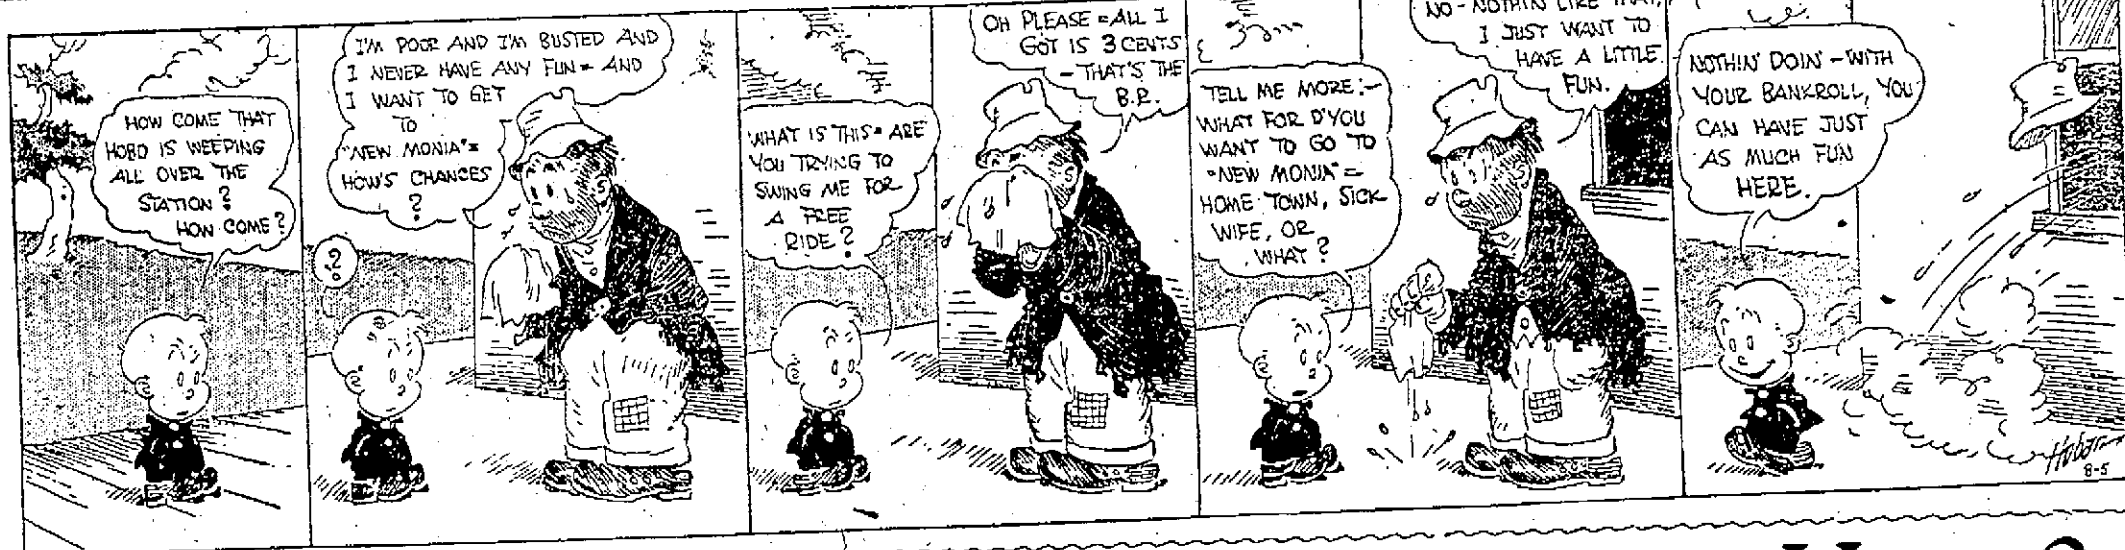

The line-up of Friday night's game: Capitols—Rice, c; Triggs, p; Kleinheinz, 1b; Schmitt, 2b; Barry, 3b; Dineen, 1 ss; Bull, 2 ss; Kelly, Dickert and Thompson, fielders; All-Stars—Windre, c; Knoche, p; Schwoegler, 1 ss; Widyne, 2 ss; Dsaser, 1b; Carroll, 2b; Derenzo, 3b; O'Connor, Hackett and Lester, fielders. Burko, umpire.

Four Natators Swim Across Lake Mendota

Across Lake Mendota, a distance of 3 1/4 miles from Pheasant Branch to the foot of Pinckney street, in three hours and 45 minutes, was the difficult feat performed Saturday by Miss Fannette Sallerman and Walter B. Meiller, Madison; Miss Virginia Pierson, Milwaukee, and Melvin Saunders, Chicago. The swimmers were followed by Miss Pierson's parents in a launch. Saunders and Meiller intend to enter the Milwaukee river marathon Aug. 30.

Meiller, who is Madison's champion walker, is said to have recently refused a challenge to race John W. Raby in England. Raby is world champion at four, five, six and eight mile walks.

Elmo Lincoln, Mighty Man of Movies, Wants to Fight Dempsey

By N. E. BROWN

A new aspirant for the heavy weight crown has hopped up overnight.

It is none other than Elmo Lincoln, mighty man of the moving picture world.

According to a story from California, Lincoln has challenged Jack Dempsey to a battle for the title the bout to take place next winter—just like that.

The men back of Lincoln in his plan are James J. Jeffries and James J. Corbett. They have offered to train the movie star for the bout

and Jeffries has placed his ranch near Burbank, Cal., at Lincoln's disposal as a training quarters.

Lincoln is familiar to movie fans because of his work in serials and in the "Tarzan" pictures; namely "Tarzan of the Apes" and "The Romance of Tarzan." But fight fans haven't had any occasion to become acquainted with him. So here's a little dope about the gentleman.

Physicians Praise Him

He is six feet tall. He weighs 185 pounds. Physicians have pronounced him a remarkable physical specimen. The predominating fea-

ture about him is the development of his shoulders and chest. Their abnormal size give him the appearance of a veritable giant.

He is an all-around athlete as well as a thorough sportsman. He owns a large kennel of show dogs at Grantwood, N. J.

His wonderful strength is apparent in his pictures. His work in them gives him a chance to show that. As Tarzan he is sort of ape-man. He swings around in the trees, leaping from branch to branch.

In climbing trees he frequently leaps up, grasps a limb with one hand and then swings himself up onto the limb or one on the same level without touching his other hand to the tree. His strength is apparent, again, when he hurls real honest-to-goodness men about over his head in a stage fight. He performs many "Sandow" feats without the use of props or deceptions.

As to his ring ability, little is known. He has never appeared in the professional game. He has a reputation as a clever boxer, though, and has learned considerable about the sport while training for pictures.

Jeffries and Corbett have looked him over from the standpoint of two great heavy-weights who have been through the mill. Jeffries is impressed with Lincoln's massive build and great strength—two attributes that made Jeffries a powerful fighter.

Corbett is impressed with Lincoln's light-footedness and general speed despite his massive build.

Together they have decided he is the logical man just now to risk his jaw—and other parts of his anatomy in the ring with Dempsey.

As to the time Jeffries wants the fight staged not earlier than Thanksgiving—which will give them five months in which to teach Lincoln the fine points of the game and condition him, especially for ring work.

As to Lincoln's age. The movie booklets don't publish such personal facts. He looks to be still on the sunny side of thirty-five, however, which is younger than the late lamented Willard was.

Of course the whole ding-busted business may be a neat press agent yarn, but Lincoln has the size and build to set the boys a-talking. And it gives the fans at least one new name to mention in their fanning bees about the new champ and his future.

BOSTON SLAMS FABER HARD FOR ELEVEN BINGLES

Perkins' Homer Gives Macken 7-3 Victory Over St. Louis

BOSTON—Boston captured the series from Chicago on Monday by winning 2 to 1. Boston hit freely, but splendid support behind Faber kept the score down. Singles by Roth and Schang gave Boston a run in the first inning. Bingles by Schang and McGinnis and Risberg's error produced the other tally in the fifth and Chicago scored in the eighth when J. Collins, hitting for Faber, tripled and scored on Leibold's double.

Runs—Sisler, Severed, Davenport, Kopp, Thomas, Witt, Burns 2, Turner, Perkins. Errors—Austin, Severed, Kopp. Two base hit—Sisler. Home run—Perkins.

CHICAGO—Erratic fielding by Magee and Merkle coupled with opportune hitting gave Philadelphia a 5 to 2 victory over Chicago on Monday in the first game of the series. Magee's error was responsible for two runs counted in the fourth and Merkle's two misplays let in two runs in the ninth.

Philadelphia 0 1 0 2 0 0 0 2—5
Chicago 0 1 1 0 0 0 0 0—2
Runs—Williams, Meusel, Luderus.

Cambridge Loses To Burgess Nine, 12-1; Strasburg Beaten

The Burgess Battery nine of Madison had a big day Sunday knocking Strasburg, star Cambridge pitcher out of the box with an avalanche of eight runs in the seventh inning and defeating Manager Amundson's strong nine by the lopsided score of 12 to 1 at Hillside. Mayrhofer allowed but two hits and Jeff and Tom Power in the outfield ate up everything that came their way. Tom got four hits in five times up and Jeff slammed two safe blows. Jimmie McCormick also came through with a pair of hits.

The score was 3 to 1 when the seventh round opened. Cambridge scored their only run on an error in the first inning. Power's two-

base hit with three on in the seventh spelled curtains for Strasburg, who struck out 20 men in the Esser game at Madison three weeks ago. Kisev struck out twice. Neupert went in for Strasburg.

Burgess line-up: Mayrhofer, p; J. McCormick, c; Mahoney, 1b; S. McCormick, 2b; Hieck, ss; Schultz, 3b; J. Power, lf; Verberkemoes, cf; T. Power, rf. Cambridge: Strasburg, p; Perry, c; Helmicks, ss; Hayes, 2b; Kisev, rf; Herried, lf; Neupert, 3b; Hanson, 1b.

Games for next Sunday and other dates can be arranged with the Burgess nine by Manager Stuart McCormick at the Burgess Battery company.

Paulette, Packard, Flack, Magee. Errors—Merkle 2, Magee. Two base hits—Magee 2, Flack, Packard. Three base hit—Luderus.

Chicago Goes Wild

Whites and Blacks Clash— Many Lives Lost in Riot

Another dark heavy cloud hangs over the heads of the Chicago people, and in order to clear themselves of this disgrace they must demand of the proper authorities that in ferreting out the guilty parties of this crime, no partiality will be shown—be they white or black and to avoid future disturbances of this kind the guilty parties must be dealt with severely.

Most fair minded people have felt that the part the colored people have taken in the war has entitled them to at least just treatment on the part of the whites. For those who question this—I want to call attention to this fact;—When the call came to fight for our country, the line was not drawn on the colored boy and when his number in the draft was called he took his place willingly in the line with the other boys to help save his and your country. Will you now deny him after doing his part the right to live peacefully in it?

In Order to Show No Distinction

I shall agree to draw up contract in black and white, offering to build cottages on certain vacant lots in the city and agree to sell them with a small payment down.

To the first colored purchaser I shall offer to donate one hundred dollars for the colored church of this city.
